NEW

Discover gamification in a whole new way! This collaborative, interactive, and fun one-day workshop combines the Gamification Fresque—which introduces the principles of gamification and the mechanisms of engagement and motivation—with the Gamifi'cartes workshop in the afternoon, where you'll practice designing engaging gamified experiences.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Understanding the World of Gamification and Its Challenges
- ✓ Develop concrete ideas for gamified experiences
- ✓ Identify game mechanics that can be applied to your projects
- ✓ Assess the presence of gamification in various projects
- ✓ Implement a gamification strategy tailored to your company or project

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

1 The Gamification Mural

- Understanding Phase: Identify the definitions of gamification and serious games, then match them with adjectives using cards and badges
- Analysis phase: Identify the engagement drivers used in a variety of gamification examples—physical, digital, and in various contexts
- Creative Phase: Identifying the gamification mechanisms used within the Gamification Mural itself
- Presentation phase: Each team discusses its mural and its messages. General debriefing

TERMS AND DEADLINES

Registration must be completed 24 hours before the start of the training.

ACCESSIBILITY FOR PEOPLE WITH DISABILITIES
