1 About NLP

- NLP is a model, not a theory.
- Incorporate the presuppositions of NLP that are essential to communication.
- Impact of the three poles of human functioning.
- How our "world map" is established.

Group discussion

Discussion on the positive effects of integrating NLP presuppositions into one's practice.

2 Setting powerful and concrete goals

- Effectively setting goals.
- Training in NLP goal setting.
- Checking that the goal is properly worded.

Exercise

Set a realistic goal.

PARTICIPANTS

PREREQUISITES

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more.

Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

3 Understanding others better

- Determining the benefits of putting yourself in the other person's shoes.
- Technique to identify different issues in the relationship.

Exercise

Practice the technique of perception positions.

4 Creating a good rapport immediately by syncing up

- The impact of timing in the relationship.
- Different forms of synchronization used in NLP.
- Synchronizing naturally.

Exercise

Practice instantly syncing up with the other person using simulations.

5 Listening with genuine interest

- Learning to discover rather than project.
- Pitfalls of "banal" listening.
- Characteristics of good listening.

Hands-on work

Listen without interrupting, ask questions, avoid projection, rephrase from simulations.

6 Identifying and reframing limiting beliefs

- Personal beliefs and their impact on behavior.
- Identifying harmful beliefs, changing them.

Exercise

Practice the technique of belief change.

7 How to put yourself in a positive state

- Develop a positive state to mobilize your potential.
- How to have resources available when needed.
- Make a limiting experience go away.

Exercise

Practice resource anchoring. Practice the collapsing anchors technique.

TERMS AND DEADLINES

Registration must be completed 24 hours before the start of the training.
