

Course : Certified ISO/IEC 27005 Risk Manager, PECB certification

Practical course - 3d - 21h00 - Ref. RMP

Price : 2460 € E.T.

NEW

This course will give you the knowledge and skills you need to identify, assess, analyze, treat and communicate information security risks in accordance with ISO/IEC 27005.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Explain the concepts and principles of risk management as defined by ISO/IEC 27005 and ISO 31000
- ✓ Establish, maintain and improve an information security risk management framework
- ✓ Apply information security risk management processes
- ✓ Plan and implement risk communication and consultation activities

Intended audience

Information security managers, people responsible for maintaining compliance with information security requirements, project managers, expert consultants...

Prerequisites

Be familiar with a best practice guide (ANSSI hygiene, ISO 27002 or equivalent), have completed the introductory cybersecurity course or have equivalent knowledge.

Course schedule

PARTICIPANTS

Information security managers, people responsible for maintaining compliance with information security requirements, project managers, expert consultants...

PREREQUISITES

Be familiar with a best practice guide (ANSSI hygiene, ISO 27002 or equivalent), have completed the introductory cybersecurity course or have equivalent knowledge.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more.

Participants also complete a placement test before and after the course to measure the skills they've developed.
