

Course : MicroStrategy Web, creating web reports

Practical course - 2d - 14h00 - Ref. MSW
Price : 1680 € E.T.

NEW

This course will introduce you to MicroStrategy Web's powerful features and flexible interface. You'll learn how to perform basic and advanced analyses on reports and documents, as well as how to create objects and reports. Through hands-on exercises, you'll learn how to create simple documents and visual analyses.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Understanding how MicroStrategy Web works
- ✓ How to create reports in MicroStrategy Web
- ✓ Customize your reporting system
- ✓ Create objects to build reports

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

TERMS AND DEADLINES

Registration must be completed 24
