

Course : Microsoft Identity and Access Administrator (Microsoft SC-300)

Official SC-300 course, exam preparation

Practical course - 4d - 28h00 - Ref. MCV

Price : 2730 € E.T.

★★★★☆ 4,7 / 5

With this training course, you'll learn how to design, implement and manage identity and access management systems with Microsoft Entra ID. You'll ensure secure authentication, tailored application access, self-service management and effective governance. You'll be able to collaborate on strategic projects and modernize identity solutions, including in a hybrid environment.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Managing identities with Microsoft Entra ID (Azure AD)
- ✓ Implement authentication and access management
- ✓ Manage access to applications (internal and cloud)
- ✓ Implement identity governance (roles, rights, strategies)
- ✓ Monitor, troubleshoot and secure the organization's identity environment

Intended audience

Administrators or engineers wishing to specialize in identity and access management with Azure.

Prerequisites

A good understanding of Azure, Microsoft Entra ID and the basics of security and access management.

Practical details

Teaching methods

Training in French. Official course material in digital format and in English. Good understanding of written English.

Course schedule

PARTICIPANTS

Administrators or engineers wishing to specialize in identity and access management with Azure.

PREREQUISITES

A good understanding of Azure, Microsoft Entra ID and the basics of security and access management.

TRAINER QUALIFICATIONS

The experts who lead the training courses are specialists in the subjects covered. They are approved by the publisher and certified for the course. They have also been validated by our teaching teams in terms of both professional knowledge and teaching skills for each course they teach. They have at least three to ten years of experience in their field and hold or have held positions of responsibility in companies.

ASSESSMENT TERMS

Assessment of targeted skills prior to training.

Assessment by the participant, at the end of the training course, of the skills acquired during the training course.

Validation by the trainer of the participant's learning outcomes, specifying the tools used: multiple-choice questions, role-playing exercises, etc.

At the end of each training course, ITTCERT provides participants with a course evaluation questionnaire, which is then analysed by our teaching teams. Participants also complete an official evaluation of the publisher.

An attendance sheet for each half-day of attendance is provided at the end of the training course, along with a certificate of completion if the participant has attended the entire session.
