

Course : Introduction to Microsoft Power Platform (Microsoft PL-900)

Official Course: PL-900 Exam Prep

Practical course - 1d - 7h00 - Ref. MP9

Price : 990 € E.T.

NEW

In this course, you'll discover the business value and key features of Microsoft Power Platform, learn how to connect data using Dataverse, create Canvas and model-driven apps, automate processes with Power Automate, and design a Power Pages site.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Understanding the Components and Uses of Microsoft Power Platform
- ✓ Connect and Manage Data with Microsoft Dataverse
- ✓ Create Simple Apps with Microsoft Power Apps
- ✓ Automate Processes with Microsoft Power Automate
- ✓ Design a Simple Website with Microsoft Power Pages

Intended audience

Anyone who wants to get started creating business solutions with Microsoft Power Platform, with little or no development experience.

Prerequisites

No prerequisites. A good understanding of written English is recommended. Basic knowledge of Microsoft 365 and cloud concepts is a plus.

Course schedule

PARTICIPANTS

Anyone who wants to get started creating business solutions with Microsoft Power Platform, with little or no development experience.

PREREQUISITES

No prerequisites. A good understanding of written English is recommended. Basic knowledge of Microsoft 365 and cloud concepts is a plus.

TRAINER QUALIFICATIONS

The experts who lead the training courses are specialists in the subjects covered. They are approved by the publisher and certified for the course. They have also been validated by our teaching teams in terms of both professional knowledge and teaching skills for each course they teach. They have at least three to ten years of experience in their field and hold or have held positions of responsibility in companies.

ASSESSMENT TERMS

Assessment of targeted skills prior to training.

Assessment by the participant, at the end of the training course, of the skills acquired during the training course.

Validation by the trainer of the participant's learning outcomes, specifying the tools used: multiple-choice questions, role-playing exercises, etc.

At the end of each training course, ITTCERT provides participants with a course evaluation questionnaire, which is then analysed by our teaching teams. Participants also complete an official evaluation of the publisher.

An attendance sheet for each half-day of attendance is provided at the end of the training course, along with a certificate of completion if the participant has attended the entire session.
