

Course : Introduction to Building AI Agents (Microsoft MS-4014)

Official Course MS-4014

Practical course - 1d - 7h00 - Ref. MS4

Price : 870 € E.T.

NEW

In this course, you'll learn the basics of creating AI agents and the Microsoft 365 Copilot extension. You'll explore key Microsoft solutions, compare low-code and pro-code approaches, and learn how to choose the development method that best suits your needs.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Understanding the Role and Components of an AI Agent
- ✓ Identify the main Microsoft solutions for creating AI agents
- ✓ Comparing Low-Code and Pro-Code Development Approaches
- ✓ Choosing the Right Microsoft Solution for a Business Need
- ✓ Identify opportunities to expand Microsoft 365 Copilot

Intended audience

Anyone interested in learning about creating AI agents and the Microsoft 365 Copilot extension, and in understanding the low-code and pro-code development approaches offered by Microsoft.

Prerequisites

Basic knowledge of Microsoft 365 Copilot and generative AI concepts (agents, models, orchestration), as well as familiarity with Microsoft 365, Power Platform, and Azure.

Course schedule

1 Introduction to Creating AI Agents

- Introduction to AI Agent Development.
- Choose tools and services for your agent on the Microsoft Agent Platform.
- Plan an AI agent solution.

PARTICIPANTS

Anyone interested in learning about creating AI agents and the Microsoft 365 Copilot extension, and in understanding the low-code and pro-code development approaches offered by Microsoft.

PREREQUISITES

Basic knowledge of Microsoft 365 Copilot and generative AI concepts (agents, models, orchestration), as well as familiarity with Microsoft 365, Power Platform, and Azure.

TRAINER QUALIFICATIONS

The experts who lead the training courses are specialists in the subjects covered. They are approved by the publisher and certified for the course. They have also been validated by our teaching teams in terms of both professional knowledge and teaching skills for each course they teach. They have at least three to ten years of experience in their field and hold or have held positions of responsibility in companies.

ASSESSMENT TERMS

Assessment of targeted skills prior to training.

Assessment by the participant, at the end of the training course, of the skills acquired during the training course.

Validation by the trainer of the participant's learning outcomes, specifying the tools used: multiple-choice questions, role-playing exercises, etc.

At the end of each training course, ITTCERT provides participants with a course evaluation questionnaire, which is then analysed by our teaching teams. Participants also complete an official evaluation of the publisher.

An attendance sheet for each half-day of attendance is provided at the end of the training course, along with a certificate of completion if the participant has attended the entire session.

TEACHING AIDS AND TECHNICAL RESOURCES

The teaching resources used are the publisher's official materials and practical exercises.

TERMS AND DEADLINES

Registration must be completed 24 hours before the start of the training course.

ACCESSIBILITY FOR PEOPLE WITH DISABILITIES

Do you have specific accessibility requirements? Contact Ms FOSSE, disability advisor, at the following address: psh-accueil@orsys.fr so that we can assess your request and its feasibility.
