

Course : Professional Agile Leadership Essentials™ (PAL-E)

Scrum.org Official Training

Practical course - 2d - 14h00 - Ref. PAN

Price : 2060 € E.T.

This training course provides a hands-on experience of business agility and the next generation of organization. It provides concrete answers to the question of how to support the maturation of agile teams, as well as how to measure and scale up agile performance.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Discover how agility brings value to the organization
- ✓ Understand how leadership support for an appropriate culture is essential to success
- ✓ Supporting teams by inspiring direction and removing obstacles
- ✓ Understand how values-based leadership creates better results
- ✓ Identifying metrics for agile organizations

Intended audience

This course is designed for executives, managers and all leaders (including product owners and Scrum masters) wishing to develop their organization's agility.

Prerequisites

Basic knowledge of Scrum recommended.

Certification

Participants in the Professional Agile Leadership™ Essentials training course will receive a password to attempt the PAL-E certification. Recognized by the industry, Scrum.org certifications are rigorous assessments requiring a minimum score. Participants who have made a first attempt within 14 days of the training are given a second chance. Participation in the training course entitles participants to 14 PDU credits from PMI.

[Comment passer votre examen ?](#)

PARTICIPANTS

This course is designed for executives, managers and all leaders (including product owners and Scrum masters) wishing to develop their organization's agility.

PREREQUISITES

Basic knowledge of Scrum recommended.

TRAINER QUALIFICATIONS

The experts who lead the training courses are specialists in the subjects covered. They are approved by the publisher and certified for the course. They have also been validated by our teaching teams in terms of both professional knowledge and teaching skills for each course they teach. They have at least three to ten years of experience in their field and hold or have held positions of responsibility in companies.

ASSESSMENT TERMS

Assessment of targeted skills prior to training.

Assessment by the participant, at the end of the training course, of the skills acquired during the training course.

Validation by the trainer of the participant's learning outcomes, specifying the tools used: multiple-choice questions, role-playing exercises, etc.

At the end of each training course, ITTCERT provides participants with a course evaluation questionnaire, which is then analysed by our teaching teams. Participants also complete an official evaluation of the publisher.

An attendance sheet for each half-day of attendance is provided at the end of the training course, along with a certificate of completion if the participant has attended the entire session.

Practical details

The course provides an insight into agile leadership and organizational agility through experimentation and practice.

Teaching methods

Training in French. Official course material in digital format and in English. Good understanding of written English.

Course schedule

1 Why agility?
