

Course : Introduction to Microsoft Security, Compliance, and Identity (Microsoft SC-900)

Official SC-900 course, exam preparation

Practical course - 1d - 7h00 - Ref. TYF

Price : 870 € E.T.

★★★★★ 5 / 5

With this training, you'll understand the basics of security, compliance and identity, and discover how Microsoft cloud solutions can help you in these areas.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Understanding the basics of security, compliance and identity in the cloud
- ✓ Discover the role of Azure AD in identity management
- ✓ Explore Microsoft security solutions such as Defender and Sentinel
- ✓ Identify compliance tools like Microsoft Purview
- ✓ Learn how to protect data and manage user access

Intended audience

Anyone wishing to discover Microsoft cloud security, with a background in IT, cloud, Azure and Microsoft 365.

Prerequisites

Have a general understanding of IT and cloud usage.

Practical details

Teaching methods

Training in French. Official course material in digital format and in English. Good understanding of written English.

Course schedule

PARTICIPANTS

Anyone wishing to discover Microsoft cloud security, with a background in IT, cloud, Azure and Microsoft 365.

PREREQUISITES

Have a general understanding of IT and cloud usage.

TRAINER QUALIFICATIONS

The experts who lead the training courses are specialists in the subjects covered. They are approved by the publisher and certified for the course. They have also been validated by our teaching teams in terms of both professional knowledge and teaching skills for each course they teach. They have at least three to ten years of experience in their field and hold or have held positions of responsibility in companies.

ASSESSMENT TERMS

Assessment of targeted skills prior to training.

Assessment by the participant, at the end of the training course, of the skills acquired during the training course.

Validation by the trainer of the participant's learning outcomes, specifying the tools used: multiple-choice questions, role-playing exercises, etc.

At the end of each training course, ITTCERT provides participants with a course evaluation questionnaire, which is then analysed by our teaching teams. Participants also complete an official evaluation of the publisher.

An attendance sheet for each half-day of attendance is provided at the end of the training course, along with a certificate of completion if the participant has attended the entire session.
