Course : Facilitate a 2tonnes workshop

Preparing, Leading, and Facilitating Your First 2tonnes Workshop

Practical course - 1d - 7h00 - Ref. A2F

Price : 980 € E.T.

NEW

During this training session, participants will work through the various phases of the workshop, including round-robin discussions, icebreakers, quizzes, game rules, individual and group activities, and debriefing—from summarizing to drawing conclusions.

Teaching objectives

At the end of the training, the participant will be able to:

- Learn how to organize a 2tonnes workshop using the platform and available resources
- Expliquer les principaux objectifs, messages clés et principes pédagogiques de l'atelier
- Identify the sequences, their durations, and their order
- Facilitate a roundtable discussion and the main segments of the workshop
- Clearly explain the rules of the game and how the quiz will be conducted
- Adjusting Your Posture to the Different Phases of Individual and Team Rounds
- Rewrite the key messages and the purpose of a debrief
- Visualize your future role as a facilitator. Provide a clear and concise summary and conclusion.

Intended audience

Participants in the 2tonnes workshop who wish to receive training in facilitation

Prerequisites

Have completed a 2-metric-ton workshop in the training version

Course schedule

PARTICIPANTS

Participants in the 2tonnes workshop who wish to receive training in facilitation

PREREQUISITES

Have completed a 2-metric-ton workshop in the training version

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more.
Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

• The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
• At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
• A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

1 Introduce the training and establish your position

Compétences visées

- Identify the objectives and procedures for the training
- Describe your experience as a participant and your expectations
- Identify the challenges involved in transitioning from participant to facilitator

Activités pédagogiques
