

Course : IT contracts: understanding the specifics and mastering purchasing

hardware, software, services...

Synthesis course - 2d - 14h00 - Ref. CFN

Price : 1720 € E.T.

4,1 / 5

This course is designed for anyone wishing to gain a better understanding of the different types of IT contracts (hardware, licenses, services, outsourcing, Internet...) and to acquire the essential legal aspects that are particularly relevant to the IT field.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Discover the different types of IT contracts and their specific features
- ✓ Master the essential principles of contract reading
- ✓ Understanding the rights and obligations of the parties
- ✓ Explain typical IT contract clauses

Intended audience

This course is aimed at all stakeholders involved in IT contract management: managers, IT buyers, license managers, lawyers, etc.

Prerequisites

No special knowledge required.

Practical details

Example

Theoretical input, practical case studies on contracts. Individual and small-group work.

Course schedule

PARTICIPANTS

This course is aimed at all stakeholders involved in IT contract management: managers, IT buyers, license managers, lawyers, etc.

PREREQUISITES

No special knowledge required.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

1 Introduction

- Key concepts.
- Definitions: contract, obligation, products, services...
- Introduction to contract law.
- Special features of IT contracts.

2 Contract life cycle stages

- Contract initiation (requirements, duration, over-the-counter, tender).
