

Course : Practical corporate taxation

Practical course - 2d - 14h00 - Ref. FSI

Price : 1310 € E.T.

★★★★☆ 4,3 / 5

To improve your business taxation skills, you need to understand the French tax system and the application of the various taxes, identify the main tax returns to be filed and know how to determine the bases of the main taxes.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Understand the principles and specific features of the French tax system
- ✓ Mastering VAT calculations and returns
- ✓ Calculate corporate income tax and find out about possible exemptions
- ✓ Calculate the Contribution Economique Territoriale

Intended audience

Anyone wishing to acquire a solid grounding in corporate taxation.

Prerequisites

Knowledge of the basic mechanisms of general accounting.

Practical details

Hands-on work

Theoretical input and practical exercises, case studies and feedback.

Course schedule

PARTICIPANTS

Anyone wishing to acquire a solid grounding in corporate taxation.

PREREQUISITES

Knowledge of the basic mechanisms of general accounting.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

1 Impôt sur les sociétés (I.S.)

- Notion du résultat.
- Principe d'indépendance des exercices.
