

Course : Become a Scrum Product Owner

Practical course - 2d - 14h00 - Ref. PDH

Price : 1370 € E.T.

4,7 / 5

The Product Owner plays a key role in Scrum. Responsible for building the vision of the product to be developed, he/she manages the project requirements and is accountable for the value created and the ROI on the project. This course will introduce you to the best practices to adopt, as a Product Owner, at every stage of the project's life.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Understanding the Product Owner role
- ✓ Building the product vision
- ✓ Gathering and formalizing needs
- ✓ Prioritizing User Stories
- ✓ Writing agile test cases
- ✓ Validating solutions

Intended audience

Future product owners, project managers, functional and business managers, marketing managers, product managers.

Prerequisites

No special knowledge required.

Practical details
