

Course : PowerPoint Microsoft 365, getting started

Practical course - 2d - 14h00 - Ref. PMM

Price : 760 € E.T.

This course will teach you how to create attractive, dynamic presentations with PowerPoint. You'll learn how to design, personalize, distribute and share them to enhance the quality of your communication.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Master the Microsoft 365 PowerPoint environment
- ✓ Leverage AI tools to create compelling content
- ✓ Use real-time collaborative features
- ✓ Insert and customize dynamic multimedia objects
- ✓ Creating animations and transitions
- ✓ Designing professional presentations with cloud themes

Intended audience

All audiences.

Prerequisites

Basic knowledge of the Windows environment.

Practical details

Hands-on work

Discussions, experience-sharing, demonstrations, tutorials and case studies to train you throughout the course.

Teaching methods

Active pedagogy based on discussion, practical case studies, practice exercises for the optional TOSA® certification and assessment of acquired skills throughout the course.

Course schedule

PARTICIPANTS

All audiences.

PREREQUISITES

Basic knowledge of the Windows environment.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

1 Introduction to Microsoft 365 PowerPoint

- Overview of the main features of Microsoft 365 PowerPoint.
- Discover the Office button and Backstage menu.
- Use the dynamic ribbon and contextual tabs.
