🎯 Teaching objectives

At the end of the training, the participant will be able to:

- ✔ Discover step-by-step the fundamental concepts of the PRINCE2® 6th Edition corpus
- ✔ Apply the PRINCE2® requirements for each theme, demonstrating an understanding of the associated concepts
- ✔ Analyze the applicability of PRINCE2® principles in context
- ✔ Take the PRINCE2® Practitioner 6th Edition certification

Certification

A] For an in-person course, the PRINCE2® Practitioner 6th Edition certification exam is held on the final afternoon (online exam). The official book "Managing Successful Projects with PRINCE2® (ISBN 9780113315581)" is provided in hard copy for the exam. B] For a remote learning course, a voucher is provided to take the exam online at some point after the session. The official PDF e-book is provided. It is recommend that you have a PC for the exam and another device (smartphone, tablet, laptop) to read the official PDF e-book (Adobe Digital Editions installed). You can print out the official e-book for the sake of convenience.

Remote certifications

See the certifier's official documentation for the list of prerequisites for completing the online certification exam.

Practical details

The hands-on work will be based mainly on answering standard exam questions, followed by debriefings with the participants.

PARTICIPANTS

PREREQUISITES

TRAINER QUALIFICATIONS
The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS
The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more.
Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES
• The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
• At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
• A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.
