BEST

In a context where organizations are increasingly demanding versatility, reconciling the role of business expert with that of manager is a major challenge. This training course will enable you to strike the right balance between these two dimensions, whether you are just starting out or already engaged in a dual role. You'll learn how to leverage your expertise while developing your managerial skills to effectively lead your team and meet your organization's strategic challenges. You'll discover the tools and methods you need to manage your priorities, mobilize your staff around shared objectives, and foster the commitment and skills development of each individual.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Situate yourself in your role as manager and expert
- ✓ Adapting your management style to contexts and people
- ✓ Assessing motivational drivers
- ✓ Organizing the delegation of expertise
- ✓ Mastering feedback techniques
- ✓ Managing conflict situations
