

IT project management e-learning chain

Practical course - 1d - 13 - Ref. 8PI

Price : 350 CHF E.T.

Découvrez les secrets de la réussite d'un projet informatique avec notre chaîne spécialisée en gestion de projet. Découvrez les méthodologies de gestion de projets adaptées au domaine informatique, en apprenant à identifier les risques, à élaborer des plans d'action et à coordonner les équipes techniques. Êtes-vous prêt à transformer vos défis en opportunités ?

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Start and frame a project.
- ✓ Manage deadlines, costs, quality and risks.
- ✓ Communicating the project.
- ✓ Manage the human resources involved in the project.
- ✓ Understand the principles of Agility.
- ✓ Understanding the V-cycle.

Intended audience

Anyone wishing to learn how to manage an IT project.

Prerequisites

Knowledge of Windows environment.

PARTICIPANTS

Anyone wishing to learn how to manage an IT project.

PREREQUISITES

Knowledge of Windows environment.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more.

Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

Practical details

Digital activities

IT structure: recorded courses, expert videos and best practice sharing.

Mentoring

L'option tutorat propose un accompagnement personnalisé par un formateur référent ORSYS, expert du domaine. Adapté aux besoins, aux capacités et au rythme de chaque apprenant, ce tutorat combine un suivi asynchrone (corrections personnalisées d'exercices, échanges illimités par message...) et des échanges synchrones individuels. Bénéfice : une meilleure compréhension, le développement des compétences et un engagement durable dans la formation.

Pedagogy and practice

A wealth of content produced by trainers following a rigorous pedagogical approach. During each course, operational cases are commented on by experts to help learners put into practice what they have just learned. To help learners anchor their memory, each content item is broken down into short sequences of 3 to 10 minutes. This enables each learner to learn dynamically and independently.

TERMS AND DEADLINES

Registration must be completed 24 hours before the start of the training.

ACCESSIBILITY FOR PEOPLE WITH DISABILITIES

Do you need special accessibility accommodations? Contact Mrs. Fosse, Disability Manager, at psh-accueil@orsys.fr to review your request and its feasibility.
