

Course : Chief Information Security Officer (CISO), PECB certification

Practical course - 5d - 35h00 - Ref. CSO

Price : 4480 CHF E.T.

★★★★★ 4,6 / 5

This course will equip you with the skills needed to oversee and manage information security, ensuring the implementation of robust security measures, the identification and mitigation of information security risks, and the development of security strategies tailored to the organization's specific needs.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Explain the fundamental principles and concepts of information security
- ✓ Understand the roles and responsibilities of the CISO, and the ethical considerations they entail
- ✓ Design and develop an effective information security program tailored to the organization's needs
- ✓ Adopt applicable frameworks, laws and regulations
- ✓ Communicate and implement effective policies to ensure information security compliance
- ✓ Identify, analyze, assess and manage information security risks

Intended audience

Professionals involved in information security management, IT managers, analysts, security auditors, CIOs, CEOs and COOs.

Prerequisites

An understanding of the fundamentals and concepts of information security.

PARTICIPANTS

Professionals involved in information security management, IT managers, analysts, security auditors, CIOs, CEOs and COOs.

PREREQUISITES

An understanding of the fundamentals and concepts of information security.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

Certification

L'examen consiste à répondre à 80 questions, en 3h00 à livre ouvert. À l'issue du cours, une attestation de suivi de la formation de 31 crédits de FPC (Formation professionnelle continue) sera délivrée. Les candidats ayant suivi la formation mais échoué à l'examen peuvent le repasser gratuitement une seule fois dans un délai de 12 mois à compter de la date initiale de l'examen. L'examen se passe en distanciel en différé.

Remote certifications

[See the certifier's official documentation](#) for the list of prerequisites for completing the online certification exam.
