Course schedule

PARTICIPANTS

Utilisateurs finaux, responsables de la rédaction de rapports, acteurs impliqués dans le pilotage de l'entreprise avec SAP Business Intelligence® Web Intelligence.

PREREQUISITES

Knowledge of Windows environment and Web Intelligence (4.1 or 4.2).

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more.

Participants also complete a placement test before and after the course to measure the skills they've developed.

1 Introducing the new BI LaunchPad interface in FIORI mode

- History of previous versions.
- Access portals and documents.
- User-friendliness improvements.
- New appearances: storage folder layout, document display mode, tiles, categories.
- The favorites.
- Object display format.
- New scheduling interface and instance manager.

Hands-on work

Practical exercises using the new interface.

2 Introducing the new Web Intelligence 4.3 interface

- The main side panel.
- Data and formatting side panel.
- New hyperlinks: inter- and intra-document.
- Geographical dimensions: new format.
- Advanced query updating in read mode and detailed query design and display.
- Save a document.
