BEST

This training course is designed to help you overcome the obstacles that stand in the way of your ability to express yourself with confidence and impact. You'll learn how to identify the factors that hinder your expression, and how to overcome them using concrete, effective tools. By improving your interventions, you'll enrich your interactions within the team while boosting your self-confidence.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Adopt assertive communication
- ✓ Express yourself in a group and identify the different types of participants
- ✓ Train yourself to channel the aggressiveness of your interlocutors
- ✓ Mastering verbal and non-verbal communication

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.
