

Professional Scrum Master - Advanced (PSM-A)

Scrum.org Official Training

Hands-on course of 2 days - 14h
Ref.: SCX - Price 2026: contact us

This course is an advanced class designed to support Scrum Masters in their professional development. It experiments with the postures of the effective Scrum Master, and goes further in the service provided to developers, the product owner and the organization.

EDUCATIONAL OBJECTIVES

At the end of the training, the trainee will be able to:

Relier le cadre Scrum, les principes et les valeurs et la façon dont ils aident à prendre des décisions

Explorer les outils, pratiques, et postures d'un Scrum Master efficace

Identifier comment aider les développeurs et le product owner à développer leur efficacité

Explore the best way to act on the environment to develop team agility

Collect tips and techniques to help the organization work better with Scrum teams

TEACHING METHODS

Training in French. Official course material in digital format and in English. Good understanding of written English.

Numerous resources and facilitation techniques such as Liberating Structures are used.

CERTIFICATION

Participants in the Professional Scrum Master - Advanced course will receive a passport to take the PSM-A certification. Recognized by the industry, Scrum.org certifications are rigorous assessments requiring a minimum score of 85%. Participants who have made a first attempt within 14 days of the training are entitled to a second chance. Participation in the training course entitles participants to 14 PDU credits from PMI.

PREREQUISITES

Advanced experience in agile leadership, PSM training (Scrum.org) is a real plus.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.

TERMS AND DEADLINES

Registration must be completed 24 hours before the start of the training.
