

Project management e-learning channel

by XOS

Practical course - 1d - 02h40 - Ref. 8GP

Price : 105 € E.T.

Project-based working is now widespread in organizations. In this course, you will learn the fundamentals of project management, from launch to delivery of the product or service. You will acquire a solid understanding of how to manage and coordinate a project with all the players involved.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ List the principles of project mode
- ✓ Explain the issues involved in analyzing the project before it begins
- ✓ Acquire reflexes to anticipate project risks
- ✓ Adopting the right posture to provide solutions
- ✓ Define the challenges of project analysis before it begins
- ✓ Identify the essential steps to successfully complete your project
- ✓ Describe the main features of planning and monitoring
- ✓ Use the right methods to communicate about the project
- ✓ Summarize the distribution of roles and responsibilities in a project team
- ✓ List the challenges of the relationship with the client

Intended audience

Anyone who has to manage projects and/or contribute to project implementation: project managers, junior or senior project managers...

Prerequisites

No special knowledge required.

PARTICIPANTS

Anyone who has to manage projects and/or contribute to project implementation: project managers, junior or senior project managers...

PREREQUISITES

No special knowledge required.

TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

Practical details

Digital activities

The soft skills structure: expert videos, exercises, case studies and summary sheets.

Mentoring

L'option tutorat propose un accompagnement personnalisé par un formateur référent ORSYS, expert du domaine. Adapté aux besoins, aux capacités et au rythme de chaque apprenant, ce tutorat combine un suivi asynchrone (corrections personnalisées d'exercices, échanges illimités par message...) et des échanges synchrones individuels. Bénéfice : une meilleure compréhension, le développement des compétences et un engagement durable dans la formation.

Pedagogy and practice

Bénéficiez des conseils et des retours d'expériences des meilleurs experts. Découvrez leurs astuces et les raisons de leurs succès au travers de témoignages concrets. Les apprenants participent à un exercice de découverte active pour compléter et/ou renforcer les apports notionnels de l'expert et bénéficier d'un retour adapté en fonction de leur réponse. Durant chaque cours, découvrez des cas opérationnels réalisés par des experts pour aider les apprenants à mettre en pratique ce qu'ils viennent d'apprendre. Retrouvez une fiche synthèse complète et efficace ! Chaque apprenant pourra conserver une trace écrite de ce qu'il a appris et des conseils qu'il a reçus.
