TRAINER QUALIFICATIONS

The experts leading the training are specialists in the covered subjects. They have been approved by our instructional teams for both their professional knowledge and their teaching ability, for each course they teach. They have at least five to ten years of experience in their field and hold (or have held) decision-making positions in companies.

ASSESSMENT TERMS

The trainer evaluates each participant's academic progress throughout the training using multiple choice, scenarios, hands-on work and more. Participants also complete a placement test before and after the course to measure the skills they've developed.

1 Influencer marketing overview

- Definition and evolution of influencer marketing
- The influence market: key figures, current trends, emblematic cases
- The different types of influencers: nano, micro, macro, celebrities
- Key platforms: Instagram, TikTok, YouTube, Twitch, blogs
- The role of influencers in the customer journey

Hands-on work

Analysis of emblematic campaigns, benchmarking of designers on different networks.

2 Identify and select the right influencers

- Selection criteria: audience, engagement, brand affinity
- Matchmaking tools and platforms (Kolsquare, Upfluence, Favikon...)
- Decoding an influencer profile: essential metrics, fake subscribers and authenticity

Hands-on work

Search and selection of a profile based on a fictitious brief. Case study: assessing the relevance of a partnership with a designer.

3 Building an effective influencer campaign

- Define your objectives: awareness, traffic, conversion, loyalty
- Choose the right formats: stories, sponsored posts, videos, live, challenges
- Build a clear and attractive brief for the influencer
- Planning, budgeting, editorial calendar

Hands-on work

Drafting of a mini influencer brief and creation of a distribution schedule.

4 Managing collaboration

- Legal aspects: compulsory information, image rights, RGPD
- Contract types: service, affiliation, content co-creation
- Integrating User Generated Content (UGC) into your marketing strategy
- Relationship management: trust, creativity, control
- Avoiding bad buzz and managing crises

Hands-on work

Critical reading of a standard contract, identification of key points to secure.

5 Measure results and optimize your strategy

- Key performance indicators (KPIs): reach, engagement rate, clicks and conversions
- Monitoring and reporting tools: analytics, promo codes, UTM and dashboards
- Learning from a campaign
- Synergies with social media, paid and SEO

Hands-on work

Build a campaign tracking and analysis dashboard.

TEACHING AIDS AND TECHNICAL RESOURCES

- The main teaching aids and instructional methods used in the training are audiovisual aids, documentation and course material, hands-on application exercises and corrected exercises for practical training courses, case studies and coverage of real cases for training seminars.
- At the end of each course or seminar, ORSYS provides participants with a course evaluation questionnaire that is analysed by our instructional teams.
- A check-in sheet for each half-day of attendance is provided at the end of the training, along with a course completion certificate if the trainee attended the entire session.
