

Course : Palo Alto Networks - Cortex™ XSOAR 6.8: Automation and Orchestration (EDU-380)

Official course, preparation for Palo Alto Networks exams

Practical course - 4d - 28h00 - Ref. PA6

Price : 3450 € E.T.

NEW

With this training course, you'll learn how to configure integrations, create tasks and develop playbooks. You'll learn how to build incident layouts to enable analysts to sort and investigate efficiently. You'll discover how to categorize events and associate them with display fields. You'll develop automations, manage content, indicators and artifacts, schedule tasks, organize users and their roles, oversee case management and foster collaboration.

Teaching objectives

At the end of the training, the participant will be able to:

- ✓ Using integrations, playbooks and incident layouts in Cortex XSOAR
- ✓ Orchestrate resources and automate safety processes
- ✓ Manage cases and optimize analyst workflows
- ✓ Developing a comprehensive playbook for dealing with phishing incidents
- ✓ Acquire an overview of development to delve deeper into key course topics

Intended audience

SecOps or SOAR engineers, security service providers (MSSPs), service partners, system integrators and professional services engineers.

Prerequisites

Completion of Cortex XSOAR analyst training. Experience in scripting, Python, JavaScript and JSON is a plus, but mastery of code is not required.

PARTICIPANTS

SecOps or SOAR engineers, security service providers (MSSPs), service partners, system integrators and professional services engineers.

PREREQUISITES

Completion of Cortex XSOAR analyst training. Experience in scripting, Python, JavaScript and JSON is a plus, but mastery of code is not required.

TRAINER QUALIFICATIONS

The experts who lead the training courses are specialists in the subjects covered. They are approved by the publisher and certified for the course. They have also been validated by our teaching teams in terms of both professional knowledge and teaching skills for each course they teach. They have at least three to ten years of experience in their field and hold or have held positions of responsibility in companies.

ASSESSMENT TERMS

Assessment of targeted skills prior to training.

Assessment by the participant, at the end of the training course, of the skills acquired during the training course.

Validation by the trainer of the participant's learning outcomes, specifying the tools used: multiple-choice questions, role-playing exercises, etc.

At the end of each training course, ITTCERT provides participants with a course evaluation questionnaire, which is then analysed by our teaching teams. Participants also complete an official evaluation of the publisher.

An attendance sheet for each half-day of attendance is provided at the end of the training course, along with a certificate of completion if the participant has attended the entire session.

Practical details

Teaching methods

Training in French. Official course material in digital format and in English. Good understanding of written English.

Course schedule

- 1 Module 1: Basic functionality and feature sets
- 2 Module 2: Activating and configuring integrations
- 3 Module 3: Playbook development
- 4 Module 4: Classification and mapping
- 5 Module 5: Creating page layouts (Layout Builder)
- 6 Module 6: Solution architecture
- 7 Module 7: Docker
- 8 Module 8: Développement et débogage d'automatisations
- 9 Module 9: Marketplace and content management
- 10 Module 10: Threat intelligence and indicator management
- 11 Module 11: Scheduled tasks and job management
- 12 Module 12: Users and role-based access control (RBAC)
- 13 Module 13: Developing integrations

Options

Certification: 260€ HT

Cette formation est recommandée dans le cadre du parcours de préparation à la certification suivante : Security Operations Professional.

[Comment passer votre examen ?](#)

The certification option comes in the form of a voucher or invitation that will allow you to take the exam at the end of the training course.

Dates and locations

REMOTE CLASS

PARIS LA DÉFENSE

TEACHING AIDS AND TECHNICAL RESOURCES

The teaching resources used are the publisher's official materials and practical exercises.

TERMS AND DEADLINES

Registration must be completed 24 hours before the start of the training course.

ACCESSIBILITY FOR PEOPLE WITH DISABILITIES

Do you have specific accessibility requirements? Contact Ms FOSSE, disability advisor, at the following address: psh-accueil@orsys.fr so that we can assess your request and its feasibility.
