The TOSA® test provides a reliable and accurate assessment of your skills. It enables participants to choose the training course best suited to their needs. Used by over 7,000 companies, schools and training organizations worldwide, the TOSA® test is the international benchmark for assessing and certifying office and digital skills. The tests are adaptive, as the level of difficulty of the questions and exercises adapts to the participant's answers. The score obtained places the participant on one of five TOSA® skill levels: Initial (1 to 350 points), Basic (351 to 550 points), Operational (551 to 725 points), Advanced (726 to 875 points), Expert (876 to 1000 points).
